Laredo, Texas – (January 11, 2024) – Laredo Chamber of Commerce kicked off their first Breakfast with the Mayor event this week, marking the first program of the 9-month long series.

The monthly breakfasts are designed to keep local business and community leaders informed about key issues affecting the business community. This exciting program allows local chamber business leaders an opportunity to engage in insightful discussions with Mayor Victor Treviño and other esteemed elected officials.

The year's first discussion featured an intimate conversation regarding several pressing issues affecting the city, such as a water infrastructure plan and secondary water source, the bi-national riverfront conservation project, international trade, immigration

Founded in 1915, the Laredo Chamber of Commerce stands as the longest-running business organization in Laredo and Webb County. Representing approximately 675 local businesses, it has earned the prestigious distinction of five stars from the U.S. Chamber of Commerce—an accreditation representing the highest level of recognition. This top-tier accreditation is a rarity, as only a very small percentage of the approximately 7,000 chambers in the United States achieve this honor.
